Education

Amrita College of Engineering and Technology   *Sept 2021 – June 2025*
Bachelor of Engineering in Computer Science   *Nagercoil, Kanyakumari*

Vedavyasa Matric Higher Secondary School   *May 2021 Vellicode,*
Higher Secondary Education   *Kanyakumari*

Experience

NSIC Technical Services Centre   *July 2023*
Student Intern

- Engaged in a structured online program covering key topics such as threat analysis, network security, and risk management, enhancing foundational knowledge in cybersecurity principles.
- Worked with peers on team-based assignments to analyze case studies and develop security solutions, fostering skills in communication and teamwork within a virtual setting.

Diploma in Computer Application   *March 2019 – May 2019*
WIIT Computer Education

- Developed skills in languages such as Java, C++, and Python, enabling effective software development and problem-solving capabilities.
- Learned to design and manage databases using SQL, enhancing understanding of data organization, retrieval, and manipulation techniques.
- Completed hands-on projects that involved software development, web applications, and system analysis, demonstrating the ability to apply theoretical knowledge in practical scenarios.
- Engaged in coursework that emphasized critical thinking and troubleshooting, enabling effective analysis and resolution of complex technical issues.

Projects

E-commerce website

- Developed a fully functional e-commerce website for shoe purchasing, utilizing HTML, CSS, and JavaScript for front-end design and implementation. Integrated secure payment gateways and user authentication features, ensuring a seamless shopping experience.
- Tools Used: HTML, CSS, JavaScript,React

Online Calculator

- a user-friendly online calculator using HTML, CSS, and JavaScript. The application supports basic arithmetic operations (addition, subtraction, multiplication, and division) and features a clean, intuitive interface. Implemented responsive design for accessibility across devices, allowing users to perform calculations seamlessly on desktops and mobile devices.
- Tools Used: HTML,CSS,JavaScript

Technologies

Languages: HTML, CSS, JavaScript, React, SQL, JAVA, Python

Developer Tools: VS code, Eclipse, Node.js, Git and GitHub
